

Management change at Extrusion EMEA: Ralf Benack takes over

- Ralf Benack takes over KraussMaffei's Extrusion EMEA
- He is responsible for the extrusion business in the EMEA region and the global development of the technology

(Parsdorf, January 16, 2024) Ralf Benack takes over KraussMaffei's Extrusion EMEA from January 1st, 2024. As Managing Director, he is responsible for the Extrusion EMEA's business and the development of the Extrusion technology worldwide.

Ralf Benack comes from Continental AG, where he worked for almost 20 years, most recently heading the tire management solutions business for commercial end users in EMEA. Prior to that, the economics graduate was responsible for sales and marketing of truck tires in the Asia-Pacific region as well as project management in research and development for tires at Continental.

Ralf Benack says, "I am very much looking forward to becoming part of the KraussMaffei Extrusion team and driving the business forward together with all my colleagues! Together, we will continue to impress our customers with our innovative extruder solutions."

CEO Chi Zhang says, "I warmly welcome Ralf Benack to KraussMaffei. With his many years of experience in management positions in EMEA and APAC and his expertise in the design, sale and implementation of integrated solutions for customers, he will lead KraussMaffei Extrusion EMEA to a next stage and develop the technology together with the global team. I am very much looking forward to working with him."

KraussMaffei – Pioneering Plastics

KraussMaffei is among the world's leading manufacturers of machinery and systems for the production and processing of plastics and rubber. Our brand stands for cutting-edge technologies – for more than 185 years. Our range of services covers all areas of injection molding machinery, extrusion technology and reaction process machinery. In 2022 we added additive manufacturing to our portfolio. This broad range of technologies gives KraussMaffei a unique selling point in the industry. With the high innovative power of our standardized and individual product, process, digital and service solutions, we can guarantee customers sustained additional value over the entire value-adding chain. Our range of products and services allow us to serve customers in many sectors including the automotive, packaging, medical and construction industries, as well as manufacturers of electrical and electronic products and household appliances. KraussMaffei employs around 4.700 people all over the world. With more than 30 subsidiaries and over 10 production plants, as well as about 570 commercial and service partners, we are represented internationally close to our customers. The company was founded in 1838 in Munich. Today, KraussMaffei is part of Sinochem Holdings Corporation Ltd., one of the world's leading chemical companies.
